

Quality Policy

Selkent Fastenings Ltd is a division of the Selkent Industrial Group and is a specialist supplier to the construction industry.

We are leading suppliers who put all our energy into SERVICE, EFFICIENCY and QUALITY and have built an enviable reputation within the trade. We know how critical it is to 'deliver the goods' and appreciate the 'knock on effects' if a project is held up. We understand the business.

Selkent Industrial Group was established in 1980 and is a family run company with traditional values. We are constantly striving to improve, aiming for SIMPLE, HONEST, ON-TIME, QUALITY service every time.

We operate a quality management system that meets the requirements of ISO 9001:20215. We have established objectives to continually improve the effectiveness of the quality management system.

Selkent Fastenings Ltd is committed to complying with legal, regulatory and other requirements applicable to our business including the requirements of our FORS accreditation.

This quality policy is communicated internally to all relevant personnel and made available externally on request. The quality policy and quality management system are reviewed for continuing suitability at least annually. This is conducted during Management Review meetings.
